

Wire line Core Barrel Products

Northeast Geotechnical Supply offers a wide range of wire line core barrels - manufactured by Sandvik. These range from systems that are part for part interchangeable with the Longyear Q spring latch system. Click on the option below for our line of Spring Latch systems”

Sandvik spring latch corebarrels

In addition, we offer the new Sandvik Cam-Latch system which uses a simpler, stronger latching system. Other than the latch, this line of core barrels is also interchangeable with the Longyear “Q” products.

Click on the tabs below Information on the Cam-Latch systems:
